PLATT MAKES NO DEMANDS.

"HALF REPUBLICAN" LOW TOLD HIM ABOUT APPOINTMENTS.

Party Workers Call on the Senator to Complain of Results So Par, but Get Satisfaction-Mr. Platt Is Hot Parsuing William Allen White-

Senator Platt was at his office, 49 Broadway, yesterday, attending to business, havcome on from Washington on Wednesday evening. Senator Platt has declared from the time that men first began to talk about ousting Tammany Hall from power this fall that the Republican organization would be willing to support any man for Mayor, and as Mayor, regardless of his politics, and without question, provided only he was a firm opponent of Tammany Hall. Throughout the campaign and right straight along up to the present time the Republican organization and Senator Platt have maintained the same attitude, making no demands upon Mr. Low since election, just as they made no effort to extract any pledges from him before election

As soon as Senator Platt got to town resterday some Republican workers who have felt that Mr. Low was not giving them as much as they thought they deserved, called upon him and expressed the belief to him that the Republican organization was not being treated as it should be by Mr. Low. Senator Platt gave little encouragement to these people. In speaking of the situation and his visit to the city,

"I came over to spend the holidays, and not especially to see Mr. Low. I shall see Mr. Low, of course, but I have no present appointment with him. Whenever I can be of help to him in selecting Republicans for office I shall be glad to do so, but I have no claims to make and no demands. The organization has made no demands upon Mr. Low thus far and will make none.

Mr. Low told me some time ago that his appointments would be half Republican. The matter is entirely in Mr. Low's hands, and nothing can be done about it.

Senator Platt said that the Republican leaders from up the State would be in town to-day and to-morrow and that the organization of the Legislature would be discussed among them. He said that Assemblyman Otto Kelcey of Livingston would be chairman of the Cities' Committee again, and that ther; would be few changes in the other committees.

Senator Platt did not disguise his indignation at William Allen White and the article Mr. White has published about him.

article Mr. White has published about him.

"I intend to use all my money, all of my power, to bring about the punishment of this man who has so maliciously attacked me," said Senator Platt. "I intend to see whether there is any law in the land. I have been held up to ridicule and contempt before the entire country. I have been portrayed by means of a mass of falsehoods by a man who does not know me. My character has been assaulted and I cannot brook that. I intend to pursue Mr. White to the very end. He had no right to do what he did. I have no idea where he got his alleged information about me, but what he wrote was maliciously untruthful. No time shall be lost in my prosecution of him."

Senator Platt was asked in what he considered Mr. White's article had wronged him. He said that he did not intend to speak of specific instances, but that one charge was that he was an intriguer.

"Now is this intrigue?" said Senator Platt. "In the Owego convention of 1872 I voted a thousand times for Milo Goodrich for Congress. Then I left the hall, designating a friend of Stone as my alternate. I went out to Michigan, where I had some interests, and hardly had I arrived there when I received a telegram stating that I had been nominated. I promptly declined the nomination and Mr. Goodrich was nominated.

"I went to him after election and asked him to appoint a friend of mine postmaster

He Says Fusion in Nebraska Must Con-

LINCOLN. Neb., Dec. 19.-Mr. Bryan makes a strong plea in this week's Commoner for the continuance of fusion beween Populists and Democrats. Only two questions separate them now, he says, the redeemability of greenbacks and the Government's ownership of railroads. United effort to save the greenbacks is necessary now and differences can be settled later. He says:

The issues which brought the reform parties together have not been settled and are not likely to be settled by the Reand are not likely to be settled by the Re-publican party. That cooperation must continue is certain, the only question is whether it shall be cooperation between organizations or cooperation between in-dividuals under one organization. This is a question which must be determined largely by local conditions. If the Popu-ulists were to join the Democratic party they would strengthen the reform element they would strengthen the reform element in that party and assist in preventing the repudiation of the principles of the Kansas-thy platform. On the other, where the Fopulist party is strong as compared with the Democratic party, it may be when to experite than to attempt the amalgamation of the parties.

KERENS SAYS HE'S SATISFIED With the Missouri Appointments, Not-Wit Secretary Hitchcock.

National Committeman Richard Kerens of Missouri, who is at the Waldorf-Astoria, said last night when asked his opinion of the President's appointments in that

State that they were acceptable to him. "The present discussion," said he, "has emphasized the fact, however, that the man recommended for appointment for Surveyor of the Port of St. Louis by Secretary Hitchcock was not considered by the ident. A new candidate, not thought of by any one except President Roosevelt, was appointed. I am not seeking to name candidates for Federal offices anywhere in Missouri. I have at no time put forward personally any man for appointment. I have at all times cooperated with the organization and the communities interested in securing the best men for appointments I am not seeking, though, to be a distributor of Federal patronage.

utor of Federal patronage.

"I don't know why Mr. Hitchcock has tried to stir up strife in the State unless it be that he has discovered signs of a Republican victory in the State for which he is entitled to not the slightest measure of credit. He never did any political work in the State. He is not in touch with the rank and file of the organization but either through jealousy or other motives he has undertaken to ruin me politically. I have for many years labored to build up a harmonious party. I have not disparaged any one and I do not think that a Cabinet officer, enjoying the honors and favors of his office, should seek to interfere with Republicans in the State who are laboring for success and bearing the brunt of the contest. If Secretary Hitchcock would help us fight the Democrats instead of trying to stir up strife the people of the State would appreciate it."

SAID TO BE ON LOW'S SLATE. Niles for Parks; Hawkes, Docks; Sturges, Fire: Hynes, Correction.

It was declared yesterday that George Haven Putnam, who was Mayor-elect Low's choice for Park Commissioner for Manhattan and Richmond, had declined to accept the office, and that it had been offered to another man.

Matthew P. Breen, the Greater New York Democrat from The Bronx, who wants to get the appointment of Park Commissioner for that borough, brought a delegation of his friends to call upon Mr. Low yesterday to press his suit. Charles Reed is the Republican candidate for the office, and it was said last evening that the fight between him and Breen had become so hot that W. W. Niles might be selected just to smooth matters over.

It was declared that McDougall Hawkes, Republican leader of the Twentieth district, was sure to be Dock Commissioner. It was also stated that Thomas P. Sturges would be appointed Fire Commissioner, James R. Sheffield having finally declined to accept this office. It was believed yesterday among those who were well informed as to Mr. Low's intentions that Mr. Hynes, inspector of institutions in the Finance Department and an anti-McLaughlin Democrat from Brooklyn, would be appointed Commissioner of Correction. delegation of his friends to call upon Mr.

ROGERS, PERT & COUPANT.

NOW TO HOLD NEW YORK STATE

MORRIS CONGRATULATES THE NEW COUNTY COMMITTEE.

Party Has Established Its Position in the City and the Next Work Is to Bulwark the State Organization-Off-

cers and Committeemen Re-elected. The Republican County Committee for 1902 organized last evening at the assembly room of the United Charities Building. The officers who served last year were reelected unanimously as follows: President, Robert C. Morris; First Vice-President, Edward H. Healy; Second Vice-President, William Halpin; Secretary, George R. Man-

chester; Treasurer, George R. Sheldon; Sergeant-at-Arms, Edwin Bodine. George W. Wanmaker got so rattled when the time came to nominate permanent officers of the committee that he solemnly moved to have the temporary officers made permanent. When he did this, one of the other committeemen asked him in a loud tone of voice if he had received any more letters from Mr. Kent.

Mr. Morris said on taking the chair: I think that it is a greater satisfaction to be President of the County Committee o-night than it was a year ago. At that time we faced a serious and pressing prob-lem. That problem has now been solved. That was the hour of triumph of rampant lem. That problem has now been solved. That was the hour of triumph of rampant Tammany. This is the hour of Tammany's humiliation and of Republican victory. Then we had a hard battle to fight. Now that fight has been won—and won, too, be it remembered, by Republican energy, by Republican enthusiasm in the cause of good government, and by Republican votes. A year ago the Republican County Committee was the champion of a political hope, and, as many thought, of a forlorn hope. Tonight the Republican organization as the embodiment of unparalleled success is a household word.

This change in our position has been no lightning transformation. It has been the result of having a definite and a worthy task to perform, and having willing and honest hands to perform it. If a political organization ever had an appointed destiny the deliverance of our city from Tammany Hall was the work clearly marked out for our organization. That it worked at this task night and day, that it was big enough to forget its own selfish and personal interests in the face of this great responsibility, is a sufficient indication of the fact that its position in the affairs of the community is henceforth an assured one.

Our next duty will be to do all in our power to assure the continuance of the splendid administration which the State has had for the last seven years under Republican governments. The County Committee will join in this important work with the same zeal, the same sense of public spirit and public responsibility it has manifested in the last twelve months. Our object in the coming months as a County Committee will be to use all of our energies to support the State organization in continuing its control of State affairs.

The Executive Committee for next year as announced was the same as the present

The Executive Committee for next year as announced was the same as the present committee, except that Commissioner of Elections Charles B Page of the Seventeenth district is substituted for John Reisenweber. Mr. Page has been an active lieutenant of Mr. Reisenweber for a long time. The Twenty-ninth Assembly district, of which Alexander T. Mason, member of the Municipal Civil Service Commission, has been the leader, did not announce its executive committeeman. Mr. Mason is anvious to have some one else take the job, because he hardly has time to attend to it. The Executive Committee for next year

TWO KILLED AND MANY HURT. Engineer Forgot His Orders and Caused

Wreck on Southern Pacific. SAN FRANCISCO, Dec. 19 .- A head-on ollision occurred early this morning beween the north and southbound New Orleans express trains on the new coast division of the Southern Pacific road, near San Ardo, Monterey county. It resulted in the death of two trainmen and the injury of more than a score of trainmen and passengers. Engineer J. L. Coffey of the northbound train failed to obey orders to sidetrack at Uplands, near San Ardo, and a thousand vards from the siding the on occurred. The northbound train lost locomotive, baggage and express car, chair car and smoker, all of which were

burned. The southbound train lost only the locomotive. The dead are Owen A. Thurber, a Wells-Fargo Express messenger, and William Garland, fireman of the southbound train. Among the badly injured are: John Jordan, Rochester, N. Y., severely bruised; A. S. Wakefield, Hiram, Ohio, out in both hands; Charles Wasson, Tranquility, Ohio, severely bruised: H. C. Martin, special messenger for Wells, Fargo & Co., crushed under

money boxes Most of the passengers were asleep when the crash came. Many of those on the southbound train were pinned in the wreck of the chair car and smoker and several were cut out when the flames were burning near them. Manager Agler of the South-ern Pacific was on the train, returning from an inspection trip, and at once took meas-ures to relieve the injured and to open

Engineer Coffey of the southbound train was seen at his home in this city to-mght, and without hesitation he admitted that he alone was responsible for the accident

"I received my orders at San Ardo all right and the Breman and I talked them over. We both understood them perfectly The engine was a new one and I was so basy looking after the machinery that I forgot all about my orders until the lights of the switch flashed past. I at once threw on the air brakes and reversed the engine and then jumped. I alone was to blame for the collision.

GOVERNOR HONORS MARCONI.

on in His Honor at St. John's-No Agreement With Cable Company

Sr. John's, N. F., Dec. 19 .- Gov. Boyle's luncheon for Signor Marconi to-day was really an unequivocal proclamation that the Governor and his advisers support Marconi against the Anglo-American Telegraph Company, which has a monopoly here and has stopped the experiments in wireless

In his speech to-day the Governor congratulated Marconi upon his previous scientific work and his recent achievements, and wished him like good fortune in the future. He also rejoiced that Newfoundland, which is the oldest colony in the Empire, and was the home of the first Atlantic cable, enjoys the distinction of giving birth to this wonderful new century creation. He was also glad to congratulate Signor Marconi on the announcement of his intended marriage, and extended the best wishes of the whole

Signor Marconi thanked all for the kindness which has been shown to him in the

ness which has been shown to him in the colony.

He modestly referred to his own share in wireless discoveries and affirmed the belief that the system would soon become an assured success and cable rates would drop from 25 cents to 1 cent a word. He declared that the British Empire was one of the largest gainers by the success of wireless telegraphy, because it will do so much to cement the feeling of unity between England and the colonies. He remarked that as Newfoundland was the home of the first Atlantic cable it was proper that it be the home of the wireless system. He trusted that the Governor and Government would never have cause to regret having assisted never have cause to regret having assisted

him.

The Premier, Ministry, representative officials, merchants, editors and correspondents composed the assemblage. The sentiment was decidedly against the Anglo-American company, though the Governor observed that he was unable to do more than express a hope for an early settlement. The company states in the published note that no approach has yet been made by the Marconi company of London.

A LARGE GRANITE DEAL.

Five Quarries of Milford, Mass., Consolidated With Outside Firms.

MILFORD, Mass., Dec. 19 .- One of the argest granite deals ever consummated Tecting Milford interests was made public this noon, involving five Milford quarries in consolidation with Chicago and New York building firms.

The Milford Pink Granite Construction Company, just organized under the laws of New Jersey, with \$500,000 capital, absorbed the properties, quarries and contracts of the Bay State Pink Granite Company of Worcester and Milford, and with these properties are joined the assets, contracts and property of the D. H. Hayes Construction property of the D. H. Hayes Construction Company of Chicago, and those of the Dut-ton Granite Company of New York city The property acquired in Milford includes the Damrell Bros. quarry, Keefe quarry, Old Milford Pink Granite quarries, owned by Woodbury & Leighton of Boston, Dar-ling Bros. quarry, owned formerly by D. W. Darling, of Worcester and Jasper T. Darling of Chicago; and the Shea Granite Company, owned by George O. Draper of Hopedale.

Company, owned by George O. Draper of Hopedale.

The officers of the new company are D. H. Hayes of Chicago, President and General Manager; Daniel W. Darling of Worcester, Vice-President: Lewis Brittan of Milford, Treasurer and Secretary, Messrs. Hayes, Darling, Brittan and Burns of Chicago and H. H. Picking, of East Orange, N. J., directors. The general offices of the company are now at Worcester and New York, but will later be concentrated in the latter city.

TREACHEROUS FILIPINO.

Though Wounded, He Tries to Kill Ameri-

can Who Was Helping Him. WOODSTOCK, Ont., Dec. 19.-Louis Bush of this city has received a letter from his son William, who is with the United States troops in the Philippines, telling of an experience with a treacherous Filipino. Bush was out scouting with another man, when they found a wounded Filipino. The two soldiers raised the man and decided to take him back to camp. Bush picked up the Filipino's rifle and put it under the wounded man's arm so that he could use it as a crutch. No sooner had Bush's hand left the rifle than the Filipino raised it, aimed at Bush and fired. Bush saw the move in time to throw up his arm and several fingers were shot off the bush of the short. Immediately the Filipino fired. his arm and several lingers were shot off his hand. Immediately the Filipino fired again and the second bullet hit Bush in the leg. By this time Bush's companion had recovered from his surprise, and, pull-ing out his revolver, he shot the Filipino

STUDENT KILLED BY GAS.

Seems to Have Died While Reading in Bed Came Here Seeking Work.

Albert E. Fuller, a student who came to this city two weeks ago seeking employment, was suffocated by gas in his room at 223 East Thirty-sixth street, apparently by accident, early yesterday morning. The landiady found him dead in bed, and English history and textbooks in German and French at his side. He wore a pin bearing the inscriptions. "Concord, Mount Allison," '90." and "Idustria integritate." His body was sent to the Morgue

ALLIANCE WORKER IN NYACK WOUNDED IN THE ARM.

Conducted a Bible Class Which the Negro Girl Regularly Attended, and It is Thought That She Shot Him Because He Did Not Pay Her Attention.

NYACK, Dec. 19.-Gustav A. Collins, one of the Rev. Dr. Simpson's chief workers Nyack for the Christian and Missionary liance, was shot at three times last night by Miss Martha Gibson, a young negro woman, the third shot making a deep flesh wound on his right arm. The woman is in the Rockland county jail to await the action of the Grand Jury on a charge of

assault in the first degree.

Gustav Collins is 23 years old. For several months he has had charge of the Christian Alliance's Gospel Mission in Nyack, where meetings are held nightly. Martha Gibson has been a regular attedant at the meetings and has seemed to be deeply interested. The last few evenings, however, she has seemed troubled over something and her actions toward Mr. Collins

have been very annoying to him.

Last night Mr. Collins conducted a large Last night Mr. Collins conducted a large Bible class, and Martha was present and seemed filled with fervor. She appeared to be watching the young leader closely and insisted on sitting close behind him. He spoke rather sharply to her and she left the room, returning again before the close of the meeting. Mr. Collins boards at the home of Frank Blauvelt, a well-known resident of the town. Mrs. Blauvelt and her young daughter, Florence, were at the Bible meeting last night and at the close Mr. Collins started to walk home with them. He noticed that Martha Gibson was following them and soon passed them. She hastened around a long block and met the party near Mrs. Blauvelt's house. Drawing a revolver from her bosom, she raised it and fired two shots at Mr. Collins. The first grazed the lower part of his coat, the second punctured the lead just over his heast and took an part of his coat, the second punctured the lapel just over his heart and took an the laper just over his heart and took an upward course, coming out over the shoulder. The young man then grappled with his assailant. After a severe struggle, he threw her off her feet. While she was down she fired another shot, the bullet cutting a wound three inches long in Collins's right arm.

The snooting aroused the neighborhood

lins's right arm.

The shooting aroused the neighborhood, and soon the woman, who fought like a tigress, was disarmed. She was committed to the county jail. When arraigned today she waived an examination and was held for the Grand Jury.

Mr. Collins said to-day that he could not imagine what made the girl shoot him. "I have noticed for some time that she has acted strangely," said he, "and I cannot account for it unless she is a little off. Perhaps some of the Christian Alliance people may have done something which displeased her and she sought to have her revenge on me."

Many who are acquainted with the circumstances believe the girl has become infatuated with Mr. Collins, who is a good looking young fellow and intensely earnest in his manner, and because he did not pay more attention to her she resolved to shoot him.

Rathbun Placed on Trial. LOUISVILLE, Ky., Dec. 19.-The trial of

Newell C. Rathbun, charged with the murder of a tramp, supposed to be Charles Goodman of Evansville, was begun in the Circuit Court at Jeffersonville, Ind., to-day The ostensible motive was to collect an insurance policy of \$4,000, held by Rathbun on his own life, by passing off the body of the dead man as Rathbun's.

ROW OVER SEALSKIN SACQUE. Woman's Tallor Causes Concert Singer's

Arrest -Case Dismissed. NEW ROCHELLE, N. Y., Dec. 19.-Miss May Landigan, a concert singer, and her sister, Mrs. Maude Mansfield, who were arrested on a charge of grand larceny, were discharged to-day by Police Justice Van Zelm. Osias Haas, who keeps a women's tailoring shop at 345 Fifth avenue,

New York, was the complainant.

Miss Landigan recently returned from Europe, where she studied vocal music. Her trouble with Mr. Haas began when she left a sealskin sacque at his shop to have it altered.

The tailor says that he sent the sacque. The tailor says that he sent the sacque and that her instructions were to return it or bring the money. The two women.

he alleges, would neither pay his eister nor return the garment. Instead, Hass said, he received a note from the singer saying that she would be down the follow-ing day to see him, but she did not come and he heard no more from her until he

and he heard no more from her until he began legal proceedings.

The two women alleged that the tailor had ruined the garment. Mrs. Mansfield told Judge Van Zelm that when the messenger arrived at her house and Miss Landigan found that her sacque was ruined, she threw herself on the bed and shed tears. Mr. Fillmore, Miss Landigan's brotherin-law, says she was to have sailed for Honolulu, but her arrest has kept her in New Rochelle and caused her to cancel important engagements.

Judge Van Zelm decided that the charge that the singer and her sister had forcibly retained the garment was not proved, and dismissed the case without prejudice.
